Hello!

I am a passionate programming enthusiast and a student of Computer Science in Engineering at the AGH University of Technology in Cracow.

With over two years of experience in developing Python applications, I have specialized in creating graphical user interfaces (GUIs). Currently, I am focused on advancing my skills in C and C++ programming.

EDUCATION

- 2020-2024 Bilingual University High School in Rzeszow
Science & IT
- 2024 - NOW AGH University of Technology in Cracow
Computer Science in Engineering

PROJECTS
